

# QUALITY CONSTRUCTION

My name is Stephen Barney and together with Anthony Jones we are privileged to be on staff as the supervisors of Quality Construction. We believe that our focus is in the name.. To provide quality not just on the worksite but in the lives of the men we work along side of. We know circumstances of the world can break anybody not submitted to Christ, and that all it takes is a gleam of hope from the Holy Spirit to change lives. Our desire is to work alongside the Holy Spirit to produce practical skills and experience to the men while providing "Top Quality" service to our clients. I should add that as all walks of life are affected by the lies of the enemy,

some of the men here are so talented that they are not so much in need of new skills as they are in learning how to use what God has given them to mentor and bless those around them. This is proven time and time again through the work we provide. Whether it's gutting and rebuilding two houses from fire damage, or framing in elevators. We have painted houses, built fences even full landscape renovations... and we do it with quality.

Recently, we had the opportunity to do a front yard landscape for Sylvia. The project included removal of stump shavings. We also regraded the area as she had a large tree removed that had decimated her front lawn. We replaced the irrigation lines and heads as the tree roots had damaged 90% of the old lines. We then amended the soil due to the tannins and acid left behind by the tree and rolled out fresh sod, so that she could once again enjoy a green front yard. I asked Sylvia if she would like to share something about the experience:

## CUSTOMER TESTIMONY

"They were such a blessing, I believe God uses people to bless people. I'm so happy with what they did, I want to tell people if they need a landscaper... I know one. They were so easy and pleasant to work with and cared about my questions."

We look forward to being a blessing in your work project as well.

# STRONG HANDS WORKFORCE

Our Strong Hands workforce is more than just sending out "strong hands." It has been awesome to see what the Lord is doing through our students and the impact they are having on our customers. We provide labor-ready work: yard cleanup, moving jobs, construction/demo, small concrete projects, and much more.

## CUSTOMER TESTIMONIES

"Hi, Lance. Thank you so much for the great job on our concrete. It is evident that your program is of very high caliber based upon the wonderful men on your team. Every one of them was polite, conscientious, and hard-working. We look forward to your ministry helping us on the next phase of our project. We will confidently recommend Adult and Teen Challenge to our friends and family and are praying for the continued success of the ministry. I am sending multiple text messages to accommodate all the pictures I took of your guys in action." -Julia

"I just had the most incredible experience. Thank you for sending 2 young men who have a can-do attitude. They were respectful to the integrity of the real estate, gentle to the house and kind. They really restore my faith in humanity. If they need a job, I can employ them!" - Suzanna

"I just wanted to let you know while the guys were waiting for the truck, they did a devotional together with a Bible I had. They sat out in front of my store reading the Bible together. It was awesome!" -Cheryl

We are grateful for the opportunity to provide this service to our community and even more grateful for the encouragement it brings to both the customer and our entire ministry, students and staff alike. As the Strong Hands Supervisor, it is extremely rewarding to receive the many positive uplifting praise reports that consistently come in. I praise God for his amazing work evident in our men through this ministry and his love for it.

# WANT TO MAKE A DIFFERENCE DONATE A VEHICLE

[fhctc.life/auto-donations](http://fhctc.life/auto-donations)

### Turn Your Used Car Into Support for Adult & Teen Challenge.

We accept cars, trucks, RVs, boats, and more. Donating is easy, the pick-up is free, and the proceeds from the sale of your vehicle support ATC abilities to provide positive outcomes and radical life-transformations for those who struggles with drugs and alcohol addiction.
