Boot Camp Completions

When I went into Marine Corps boot camp in June of 1970, I was 17 years old. The night we arrived is one etched in every Marine's memory for life. Standing on the yellow footprints, wondering what in the world I had gotten myself into. Next thought was how do I escape?

I'm not sure it's very different for every man that comes into our program. Diverse backgrounds, multiple ethnicities, sleeping on bunk beds, sharing chow, the showers and everything else. There are multiple reasons for being at both places. One is to become a U.S Marine, one is to change the course of a life headed in the wrong direction and to become a new person.

This newsletter is full of men's pictures taken on completion day. Family is invited and it is a special day to celebrate completion of 12-14 months being in the program. Each man shares from his heart about his journey and struggles. Staff and students share words of encouragement. Family and friends shed tears, laughter and love as they express the pride they feel for a job well done.

On the reverse side of our golf tournament insert is a portion of what each man learns and lessons they complete. Of course, much more is involved: chapel, devotions, enterprises, DUI and GED classes as necessary. Many men get their dental, eye and health care taken care of. Each completion is a victory and celebration in Heaven.

As you look at each picture and pray for each man and family, we want you to know that YOU are a part of this. We thank you, the men thank you, their families thank you, and it brings a smile to the face of God.

HELP US SUPPORT OUR STUDENTS

Programs like our Auto Donations program substantially help in offsetting costs to host our students through our long-term care facilities. Donate through our website: fhtc.life/auto-donations

We partner with an Auto Donations company called "CARS." They help us facilitate vehicle acquisition, promotions, donor management, and they supply us with metrics on donations data every month.
